International Scientific Publications: Ecology & Safety

<http://www.scientific-publications.net/open-access-journals/ecology-and-safety/>

Journal	Volume	Year	Download
Ecology & Safety	Volume 7	2013	Part 1 (9.6 MB) Part 2 (11.2 MB) Part 3 (6.8 MB) Part 4 (4 MB)
Ecology & Safety	Volume 6	2012	Contents (0.2 MB) Part 1 (12.5 MB) Part 2 (15.2 MB) Part 3 (4.73 MB)
Ecology & Safety	Volume 5	2011	Part 1 (6.88 MB) Part 2 (14.2 MB) Part 3 (6.7 MB)
Ecology & Safety	Volume 4	2010	Part 1 (16.2 MB) Part 2 (16.5 MB)
Ecology & Safety	Volume 3	2009	Download (13 MB)
Ecology & Safety	Volume 2	2008	Download (11.2 MB)
Ecology & Safety	Volume 1	2007	Download (1.94 MB)

Topics

Energy, Climate and Global Security in the 21 st Century	Ecology of Air, Soil and Water
<p>Taking action together: the role of ecology in conservation partnerships.</p> <p>Economy of ecological solutions and management of ecological investments.</p> <p>Socio–economics in natural resource conservation.</p> <p>Environmental policy and management.</p> <p>Greenhouse gas emissions.</p> <p>Sustainable & clean technologies.</p> <p>Alternative energy sources for reducing dependence on fossil fuels. Biofuels.</p> <p>Geophysics. Atmospheric physics. Physical oceanography. Meteorology and hydrology.</p> <p>Satellite applications in the environment.</p> <p>Ecology, philosophy, sociology and law.</p> <p>The media and protection of the environment.</p>	<p>Forest and Natural Resource Management.</p> <p>Landscape degradation and restoration. Ground water remediation.</p> <p>Living systems and quantitative biology.</p> <p>Ecological monitoring and evaluation of ecological status.</p> <p>International ecological standards and certification.</p> <p>Ecology of agriculture and food industry.</p> <p>Ecotourism and ecological impact of tourism.</p> <p>Construction, architecture and the environment.</p> <p>Habitat reconstruction.</p> <p>Waste processing projects (factories, garbage dumps).</p> <p>Waste management and waste recycling plans.</p>
Health and Safety	Civil Protection and Disaster Management
<p>Green technologies.</p> <p>Medical and ecological phytodesign.</p> <p>Nanomedicine, nanotechnologies, nanomaterials, nanoaerosols.</p> <p>Medical chemistry. Pharmacology. Development and design of medical products.</p> <p>Occupational and environmental hygiene.</p>	<p>Ecosystems — sustainable management in crisis regions.</p> <p>Industrial safety and risk management.</p> <p>Industrial ecology and transboundary pollution.</p> <p>Innovative technologies for civil protection and disaster management.</p> <p>Innovative technology for early warning systems and disaster scenarios.</p> <p>Innovative training methods for national and international civil protection.</p> <p>Cooperation regarding logistic issues in international operations.</p> <p>Security organisations: communication during disaster management operations.</p> <p>Risk and crisis communication.</p> <p>Research for civil security.</p>
